Subject: Application for Junior Web Developer Position

Dear Steplix Hiring Team,

My name is Francisco López García Mayorga. I write to you for the job application for the position of *Junior Web Developer* in Steplix. I see this job in your company LinkedIn profile and I am very interested.

Although I have no much formal experience as software developer, I dedicated myself to training and acquire technical skills that have allowed me develop a solid technological base. I am a Full stack developer with kwnoledge in technologies like:

- **Frontend:** JavaScript, React, Angular, HTML5, CSS3 and frameworks of CSS with Bootstrap, Material UI and Tailwind CSS.
- **Backend:** Node.js with Express, Python with Django and Java with Spring Boot.
- **Data bases:** MySQL, MongoDB and PostgreSQL.
- **Tools:** Git, Docker, Jira and agile methodologies.

In my trajectory, I have make personal projects that demonstrate my ability to develop scalable and efficient solutions. For example:

- Películas YTS: A website for downloads movies *(with React, Bootstrap, Axios and third party APIs)* see in Github.
- Web Portfolio: My own personal web portfolio developed in Next.js *(with React, Next.js, Tailwind CSS and Motion for React)* see in Github.
- Chatbot for restaurant: Chatbot to take orders in a sushi restaurant *(with Node.js, NLP.js, MongoDB, React and Material UI)* see in Github.

I like to work in team, solve problems and learn new things. Also, I work hard and learn fast. I think I can contribute to your company with my work.
I am very motivated with this opportunity and want to grow with the Steplix team.

I attach my CV in this email for more information. I look forward to your comments.
